Chris, Paul and Karl:

We will have a small group of high level CEO's in DC next week Wednesday, Sept. 18

Do the three of you have 30 minutes to meet to discuss biodiesel issues?

Clearly our team is concerned about the RVO ... but some face time with you Chris, and our team, might go a long way.

Please let me know.

Thanks

I anticipate we will have the following:

Joe Jobe, NBB CEO

Dan OH, REG

Mike Livergood, ADM

Gene Gebolys, World Energy

Martin Beirne, Green Earth

Michael Whitney, Loves\Musket

Larry,

Per our discussion, attached is the Response to Comments document that was just posted on EPA's docket at [www.regulations.gov](http://www.regulations.gov). I don't see it on EPA's website yet, and I don't see any "final" rule posted (and typically EPA doesn't post the documents until after the rule is posted in the Federal Register notice). It does provide some responses to NBB's comments on the heating oil definition. I'll also try to read through it more carefully, and it may be, as you noted, the power generation issue is addressed in the QAP provisions on non-qualifying uses instead.

Thanks,

Sandra

What you forwarded to Sarah?

I don't see any article and if we are going to provide any understanding of what they are speaking to we need some additional background.

Thanks, Paul

Hi I&E team...See the below media inquiry from John at Clean Energy Report about NSPS for grain elevators; EPA says its in response to biofuel development. There's a coalition opposing it, including some groups that BIO collaborates with on other issues.

Let me know if we have any comments on this and if we can arrange a call with John today – thanks!
